

June 2017

Next Level 11 Awarded Patient Beds, Mattresses and Therapeutic Surfaces- Purchase Agreement With Premier Inc.

Hayesville, NC (June 29, 2017) – Next Level 11 has been awarded a group purchasing agreement for Patient Beds, Mattresses and Therapeutic Surfaces – Purchase with Premier Inc. Effective June 1, 2017. The new agreement allows Premier members, at their discretion, to take advantage of special pricing and terms pre-negotiated by Premier for Patient Beds, Mattresses and Therapeutic Surfaces – Purchase.

An industry leader, Next Level 11 develops innovative software and products that support better patient outcomes, and lower risk of infections due to cross contamination. The unique Bac-Track platform gives healthcare providers analytics to help identify potential problems before they occur. Next Level 11 combines this technology with products, such as mattresses to proactively reduce infection. “Our company is committed to being a part of the solution to improve healthcare while reducing cost,” says Scott McDaniel, CEO of Next Level 11. “We are excited with Premier’s commitment to embrace this new technology that provides value to its members.”

About Premier

Premier is a leading healthcare improvement company, uniting an alliance of approximately 3,750 U.S. hospitals and 130,000 other providers to transform healthcare. With integrated data and analytics, collaboratives, supply chain solutions, and advisory and other services, Premier enables better care and outcomes at a lower cost.
